REVENUE HIGHLIGHTS

Assessed Valuation/Property Taxes

Durham County's largest source of revenue to support operations is derived from the ad valorem property tax. For FY 2013-14, the property tax rate is 77.44 cents per \$100 of assessed valuation, a three cent property tax rate increase from FY 2012-13. Overall, the increase in property valuation is estimated at 2.27%.

The collection of taxes from delinquent or prior years' taxes also is budgeted and provides additional revenue for support of the General Fund. In FY 2012-13, the county will receive an estimated \$2.2 million in prior years' taxes; \$2.2 million is budgeted for FY 2013-14.

Growth in real property tax valuation increases slightly due to new construction permits or construction permits that have finally reached 100% completion. Auto valuation increased for the first time in several years indicating the number of new cars being purchased is increasing. The county's property tax collection rate stays flat at 98.80% in FY 2013-14. One cent on the property tax rate will generate approximately \$3.037 million.

For budgeting purposes, the county formed a workgroup consisting of the Tax Administrator, Deputy Tax Administrator, Deputy Assessor, Finance Director and Budget Director. Shortly after January 1 when values for real and personal property have been updated in the county's database, this workgroup convenes and discusses budget estimates for the upcoming fiscal year. The workgroup meets at least twice over the spring to finalize tax valuation estimates for use in the upcoming budget. Public service estimates are provided by the state and auto values are reviewed and projected using trend analysis.

Sales Tax

Sales taxes represent the second largest revenue source for Durham County outside of property taxes and are collected by the state and distributed back to the county on a monthly basis. Out of a total of 7.0% charged on most retail items in Durham County, 2.25% is allocated to county and municipal governments. This 2.25 cents for every retail dollar is broken up into four distinct sales tax entities, usually described by the state statute article number that made it law.

Article 39 sales tax is a one cent tax on every retail dollar and is collected based on where the retail item is actually received ("point of delivery"). An example is when an individual purchases a shirt at a local mall. This shirt may cost \$50, creating a collection of Article 39 sales tax of \$0.50 which will go to the county and/or municipality that the mall resides in as long as the individual leaves with the merchandise. If the individual were to send the item to another county for delivery, then the tax could be reflected in that county's collections. This particular sales tax is Durham County's single largest sales tax and generally reflects the broadest retail sales trends within the county.

Article 40 sales tax is a half cent tax on every retail dollar, but differs from the Article 39 sales tax in that it is collected based on statewide retail sales and then distributed to counties and municipalities based on the percentage of the state population residing within the county and/or municipality. This tax reflects the broadest retail trends across the whole state and is less affected by retail sales growth in any one particular local government jurisdiction. This tax has stipulations attached to it by the state legislature directing that 30% of the Article 40 tax be allocated for school capital needs. Durham County allots the full amount of revenue collected from this sales tax to the support of capital projects, of which public school projects make up the largest amount.

Article 42 sales tax is a half cent tax on every retail dollar, and was similarly collected like the Article 40 sales tax, but because of state Medicaid Swap legislation, it is now collected like the Article 39 sales tax. This tax still has stipulations attached to it by the state legislature directing that 60% of the Article 42 tax be allocated for school capital needs. Durham County allots the full amount of revenue collected from this sales tax to the support of capital projects, of which public school projects make up the largest amount.

Due to state Medicaid Swap legislation Durham County no longer collects any Article 44 sales tax.

Article 46 sales tax is a quarter cent tax on every retail dollar and is collected based on where the retail item is actually received ("point of delivery"), similar to Article 39 sales tax. This sales tax, unlike any of the others, had to be approved by Durham County voters, and was in 2011. It also will not be split with the city of Durham or any other municipality residing in Durham County, the entire amount collected goes to Durham County. The Board of County Commissioners passed a resolution soon after approval of the sales tax committing 67.12% of the proceeds from Article 46 to Durham Public Schools, 8.97% to Durham Technical Community College for scholarships, 2.17% Pre-kindergarten programs, and 21.74% will support Durham Public School capital project debt service. The tax was applied to purchases made in Durham County in starting April 1st 2012. FY 2012-13 is first full year this tax will be collected.

Estimating sales tax revenue collection as part of a budget process is highly dependent on historical trending of sales tax growth and variability, as well as assessing the economic outlook of the state, the county and/or municipalities. The Budget and Management Services Department has generally used conservative growth estimates and will continue with that methodology for FY 2013-14.

The county is estimating a reduction in total sales tax collection for the upcoming year based on current year collections, which are down slightly. The decrease in current year collections (FY 2012-13) is largely due to significantly increased non-profit reimbursements given by the state back to non-profits in Durham County that made purchases within the county. This reimbursement amount had been decreasing over the past several years, helping drive increases in sales tax collection for the county, but this year the trend reversed. Reimbursements to non-profits are up; more than offsetting any increased economic activity, meaning county sales tax collection is lower. This can most clearly be seen in the Article 39 and Article 42 end of year estimates which show 5.4% and 2.4% decreases respectively. Article 46, as stated earlier, is similar to Article 39 and Article 42, however because of its newness non-profit reimbursements related to this sales tax have yet to experience the same increase, causing its end of year estimate to be 3.6% increase over budget. Budget staff believe Article

46 collections will behave similarly to Article 39 and 42 in FY 2013-14 and has estimated the collection amount accordingly. While a decrease is estimated for FY 2012-13, growth of 2% for all sales tax is estimated for FY 2013-14 (from FY 2012-13 end of year estimate). Economic activity is slowly picking up across the county (increased non-profit reimbursements are one indication), but that increase may be limited by continued inflationary increases in non sales tax related items such as food and gas. The FY 2013-14 budget for several sales taxes may look as if they decrease compared to the FY 2012-13 budgeted collections, but they are expected to increase over FY 2012-13 end of year estimates. Sales tax growth, budget to budget is a decrease of 0.10% (essentially flat), again due mainly to increasing non-profit reimbursements.

Durham County has estimated an overall -0.10% decrease in all local sales taxes for FY 2013-14.

Intergovernmental Revenues

The vast majority of the budgeted intergovernmental revenues in Durham County are received by the human services agencies of Public Health, Department of Social Services and Mental Health. The Durham Center, Durham County's Mental Health Agency, will begin operating as a Managed Care Organization under the name Alliance Behavioral Healthcare LME/MCO beginning July 1, 2012. The intergovernmental revenues historically received by the Durham Center will be received directly by the MCO and not Durham County beginning fiscal year 2013.

Public Health has a total budget of \$20,974,368, of which \$15,040,592 is county dollars and \$5,933,776 is received from other sources. Of the \$5,933,776 in revenues from other sources, 93% comes from intergovernmental sources, mostly the state and federal government, and currently is budgeted at \$5,500,514 for FY2013-14. The funds support departmental administrative and operational costs; health education; nutrition programs; dental services; lead poisoning prevention; public health emergency preparedness; refugee

health; STD clinic services; immunizations; tuberculosis and other communicable disease control; family planning and maternal healthcare; breast and cervical cancer screenings; HIV education, counseling and testing; child healthcare; and public school nurses.

The Department of Social Services has a total budget of \$55,311,804, of which \$15,866,941 is county dollars and \$39,444,863 is received from other sources. Of the \$39,444,863 in revenues from other sources, 99% comes from intergovernmental sources, mostly the state and federal government, and currently is budgeted at \$39,070,772 for FY2013-14. The funds support programs that provide protection of abused and neglected children and adults, the provision of services to prevent unnecessary institutionalization of disabled and elderly residents, Work First support services, school and community social work services, child day care subsidy services, nutrition assistance and health insurance to eligible families.

Other Key Revenues

There are many revenue sources the County collects, however a few are of special interest because of their correlation to overall county economic activity and key county services. Below are a few of those key revenues that the county takes note of every year when developing its annual budget.

- As part of the FY 2013-14 Approved budget the Board of County Commissioners repealed the county's Animal Tax.
 - o Per the county's Ordinance each animal that is listed with the Tax Assessor was taxed as follows:
 - Altered Animals \$10,
 - Un-altered Animals \$75.
 - o A review of the tax assessment process and the rabies vaccination certificates indicate that the tax discourages citizens from vaccination of their animals.
- ABC profit distributions are received quarterly from state collected taxes on alcohol sold in the county and throughout the state.
- Register of Deeds fees are charges made for new deeds of trust, changing of deeds of trust, marriage certificates, etc. State changes to these fees may affect the collection amount.
- Investment income is interest earned on County cash deposited in banks.
- EMS patient income is derived from billing EMS responses to patient calls. The county strives to gather as much income as possible from patient insurance and or the patient themselves to ensure that those who use EMS support its operations.
- The Solid waste management fee is a yearly fee for any citizen who chooses to use the service for the drop off of waste or recyclables at any county container sites. Increased fees are recommended.
