Public Health

COVID-19

What To Do Next:

If you test negative:

- If you have symptoms, test at least one more time 48 hours after your first test (for a total of at least two tests)
- If you are testing because of an exposure but do not have symptoms, test at least two more times (for a total of at least three tests), with at least 48 hours between each test

If you test positive:

- Stay home until you are feeling better and have had no fever for at least 24 hours, and wear a mask around others for at least 5 days
