Re: Q3 Amendment Request for FY26 Durham Transit Work Program – Route 800

The Durham Transit Plan funds expansion service in Durham County on Route 800. Route 800 provides all-day/every-day regional connections along NC-54 and I-40 between UNC Hospitals and Regional Transit Center and serves people traveling between Chapel Hill, Southpoint, RTP, and Raleigh at off-peak times. Substantial growth continues to occur along the corridor, driving demand for Durham County residents, employees, and visitors to travel along this corridor. With approval of the RTP 3.0 rezoning, it is more important than ever to deliver dependable, on-time service to provide transportation alternatives for residents, employees and visitors to RTP. This project includes all off-peak span and frequency improvements to GoTriangle Route 800 (Chapel Hill - Southpoint - RTC) since the Tax District began providing funding for it.

On Route 800:

- Weekday midday frequency was increased from 60 to 30 minutes.
- Saturday daytime frequency was increased from 60 to 30 minutes.
- Saturday evening service was extended from 7:15 PM to 11:20 PM.
- Sunday service was added from 6:45 AM to 10 PM.

Costs are allocated 50% to Durham County and 50% to Orange.

This request is for additional resources to maintain on-time performance on Route 800 while still delivering frequency and span consistent with the Durham Transit Plan. This request is for five additional revenue hours on Route 800 to provide sufficient cycle time, inclusive of run-time, schedule recovery, and layover time to account for increasingly variable and congested travel times. Cycle times (round trip + layovers) routinely exceed 120 minutes, resulting in late trips. Adding a fifth vehicle to Route 800 will enable the route to stay within its cycle time and prevent cascading delays on weekdays. It will ensure that riders are able to reliably make transfers from Route 800 to Chapel Hill Transit and OCPT Routes in Chapel Hill, GoDurham Routes in Durham along NC 54, and other GoTriangle Routes at Regional Transit Center. This request includes a partial year of incremental costs in FY26, starting in December, and a full year of incremental FY27 costs for Route 800 improvements.

Project ID	FY 2026	FY START DATE
20GOTTS2	Durham Transit Work Plan Project Amendment Request Form Operating and/or Capital	Jul 2025

Type of Amendment Minor ☐ Major ☐

Minor Amendments:

a. An amendment that requires a transfer between budget ordinance appropriations but requires less than a 20% change to a project appropriation for projects equal to or less than \$250,000;

b. Changes to any adopted financial assumptions supporting the applicable Work Program that does not have a significant impact on the overall revenue or expenditure forecast, which is defined to be no more than a one percent (1%) over the life of the plan;

c. Changes in reporting requirements for performance on implementation elements authorized in the applicable Work Program;

d. Changes in funding amounts less than \$250,000 for implementation elements programmed in future fiscal years;

e. Any other change that does not meet any of the criteria of a Minor Amendment is a Major Amendment.

Major Amendments are required when:

a. A project requested to be added to the Work Plan

b. A project requested to be removed from the Work Plan

c. Changes to any adopted financial assumptions supporting the applicable Work Program that does have a significant impact on the overall revenue or expenditure forecast, which is defined to be over one percent (1%) over the life of the plan;

d. Changes in scope for implementation elements programmed in current and future fiscal years;

e. Any amendment that requires a transfer of funds between capital or operating funding categories

f. Any change that requires a change in budgeted reserves or fund balance.

These definitions are based on the Durham County Transit Work Plan Amendment Policy Update, which gives more clarity to the definitions without changing their meaning.

			Base Year	\$ -
			Cumulative FY27-FY32	\$ -

Project Description/Scope	Enter below a summary of the project amendment and impact on approved plan.
<p>This request is for additional resources maintain on-time performance on Route 800 while sill delivering frequency and span consistent with the Durham Transit Plan. This request is for five additional revenue hours during weekday afternoons on Route 800 to provide sufficient cycle time, inclusive of run-time, schedule recovery, and layover time to account for increasingly variable and congested travel times. This request includes a partial year of incremental costs in FY26, starting in December, and a full year of incremental costs in FY27 for Route 800 improvements.</p> <p>Route 800 provides all-day/every-day regional connections along NC-54 and I-40 between UNC Hospitals and Regional Transit Center and serves people traveling between Chapel Hill, Southpoint, RTP, and Raleigh at off-peak times. Substantial growth continues to occur along the corridor, driving demand for Durham County residents, employees, and visitors to travel along this corridor. With approval of the RTP 3.0 rezoning, it is more important than ever to deliver dependable, on-time service to provide transportation alternatives residents, employees and visitors to RTP. This project includes all off-peak span and frequency improvements to GoTriangle Route 800 (Chapel Hill - Southpoint - RTC) since the Tax District began providing funding for it. On Route 800:</p> <ul style="list-style-type: none">- Weekday midday frequency was increased from 60 to 30 minutes.- Saturday daytime frequency was increased from 60 to 30 minutes.- Saturday evening service was extended from 7:15 PM to 11:20 PM.- Sunday service was added from 6:45 AM to 10 PM. <p>Costs are allocated 50% to Durham County and 50% to Orange.</p>	

1. Enter Durham Transit Project ID(s) to Increase					
Project ID	Project	Appropriation Category	Amount	Recurring Amount	Notes
20GOTTS2	Route 800	Transit Service	\$ 123,370	\$216,878	
TOTAL			\$ 123,370	\$ 216,878	

2. Durham Transit Project ID(s) to Reduce					
Project ID	Project	Appropriation Category	Amount	Recurring Amount	Notes

\$ - \$ -

3. Impact on Transit Plan Project Costs

From above, indicate whether amounts impact operating or capital budgets in Durham Transit Plan.	Estimated Operating Cost	Current Year Recurring	\$ 123,370
			\$ 216,878
	Estimated Capital Cost	Base Year Cumulative	\$ -
			\$ -

4. Is this New/Amended project Operating, Capital or Both?

Operating ☐ Capital ☐ Both ☐

5. What is the timeframe for the request? Are you requesting a full year of funds or a partial year to be annualized in future fiscal years?

Half Year FY26, Full Year in FY27 and forward

6. What is the expected outcome(s) if this request is funded? What is the alternative if the request is not funded?

If this request is funded, GoTriangle will extend the duration that a fifth vehicle operates on Route 800, providing improved on-time performance. If this request is not funded either 1) Route 800 will continue to have insufficient resources to maintain on-time performance or 2) Span and/or frequency will be reduced to add additional run-time to maintain on-time performance

7. List any other relevant information not addressed.

Cycle times (round trip + layovers) are routinely exceeding 120 minutes, resulting in late trips. Adding a fifth vehicle to Route 800 will enable the route to stay within its cycle time and prevent cascading delays on weekdays. It will ensure that riders are able to reliably make transfers from Route 800 to Chapel Hill Transit and OCPT Routes in Chapel Hill, GoDurham Routes in Durham along NC 54, and other GoTriangle Routes at Regional Transit Center.

8. Please enter estimated appropriations to support expenses. Enter FY 2026 and the estimated annualized cost in FY 2027 using the 2.5% growth factor, if applicable. The spreadsheet will calculate 2027 and beyond by 2.5%. If your project is not expected to have recurring costs in FY 2028 and/or beyond, delete the calculation(s) in columns E-I.

MEMORANDUM

FROM: Doug Plachcinski, AICP, CFM, Executive Director

DATE: December 8, 2025

RE: TRANSIT PLAN STAFFING STUDY FOR DURHAM AND ORANGE COUNTIES

This memo outlines the work included with the proposed staffing study. The counties asked Triangle West to lead procurement and be the fiduciary for the study with one or both counties driving the content. Triangle West furnished an estimated not to exceed cost for staff time as a part of the FY2026 Q3 amendments.

TWTPO and Durham and Orange counties require an analysis that reflects current Durham and Orange Transit activities and right-sized staffing needs for each agency, and to establish guidance for how staffing allocation should be modified in the future, based on changes to the overall Durham and Orange Transit programs. A standardized approach to administrative practices for charging staff time would allow for consistent and transparent reporting across agencies and would help ensure that Durham and Orange Transit funds are used in accordance with statutory requirements.

Staffing for the Durham and Orange Transit Program is intended to cover the following functions:

1. Administration of the Durham and Orange Transit Plan tax districts, including all reporting required by statute;
2. Managing overall implementation of the plan; and
3. Providing technical oversight for planning, engineering, and implementation of specific projects within the plan.

The Staffing Analysis will consist of three parts: (1) an analysis of existing positions funded (wholly or partially) with Durham and Orange Transit funds among all agencies, (2) an analysis of future staffing needs, and (3) a recommendation for Performance Metrics that can be used to evaluate new staffing requests and ongoing staffing levels. The analysis is expected to take 6-8 months to complete.
