PROGRAM DESCRIPTION

Fire protection in Durham County is provided within seven fire districts, which are tax supported by residents of each respective district. Services are provided by incorporated volunteer fire departments. In addition to fire protection, Durham County fire departments provide emergency medical services within their districts. All departments respond to requests for assistance to surrounding departments and counties under mutual aid agreements. Coordination of these fire and rescue services is provided by the Fire Marshal's Office and Emergency Medical Services.

In 1986, the Board of County Commissioners established a research and production service district coterminous with the portion of the Research Triangle Park (RTP) located within Durham County. The purpose of the district is to provide and maintain certain services and facilities in addition to services and facilities currently provided by the county.

The tax rate is set at \$0.0360 for fiscal year 2010-2011. The revenue will be used on construction of pedestrian/jogging trails on Davis Drive and NC 54, on mountain bike trails, support for travel demand management, support for the RTP Environmental Committee, the RTP Security Committee, the RTP Outreach Committee, new sign installation, roadside landscaping and maintenance and administrative costs.

EMERGENCY SERVICES TELEPHONE SYSTEM

In 1991, the Board of County Commissioners adopted an ordinance to impose a monthly surcharge on local GTE, now Verizon, telephone subscribers (set at \$0.60 per month). Surcharge revenues were to recover the expenses associated with 9-1-1 emergency telephone service and to finance the implementation of an Enhanced 9-1-1, or E-9-1-1, communications system, the most advanced emergency communications system available.

In the past, this fund also received wireless 9-1-1 surcharge monies which were segregated and tracked separately. This wireless surcharge amount was set by the North Carolina General Assembly.

During the 2007 Session, the General Assembly enacted legislation that significantly amended the general statutes with the intent to modernize and improve the administration of the state's 9-1-1 system through a statewide 9-1-1 Board. This new legislation imposed a statewide fee of \$0.70 on all wireline and wireless active voice communications service capable of accessing the 9-1-1 system. This legislation also disposed that any wireline 9-1-1 fees that had been collected prior to January 1, 2008 would be transferred to the General Fund of the local governing entity to be used for any lawful purpose. An amendment to the interlocal agreement on 9-1-1 communications was approved by the Board of County Commissioners in December 2007. This amendment named the city as the new Public Safety Answering Point (PSAP) and the recipient of the 9-1-1 fees as they are remitted under the new provisions of law.

In FY 2008-09, the remaining wireless fund balance was transferred to the city. Durham County anticipates closing the Emergency Services Telephone Fund in FY 2009-10.
