## REVENUE HIGHLIGHTS

### Assessed Valuation/Property Taxes

Durham County’s largest source of revenue to support operations is derived from the ad valorem property tax. For FY 2015-16, the property tax rate is 79.31 cents per \$100 of assessed valuation, the same rate as FY 2014-15 (no tax rate increase). Overall, the increase in property valuation is estimated at 2.09%.

The collection of taxes from delinquent or prior years’ taxes also is budgeted and provides additional revenue for support of the General Fund. In FY 2014-15, the county received approximately \$1.5 million in prior years’ taxes; \$1.25 million is budgeted for FY 2015-16.

	FY2014-15 Adopted	FY2015-16 Budget Estimate	% Change FY16 from FY15 Adopted
Real Property	\$ 25,708,434,347	\$ 26,152,065,688	1.73%
Auto Value	\$ 1,799,900,000	\$ 1,894,000,000	5.23%
Personal Value	\$ 3,373,609,112	\$ 3,440,862,642	1.99%
Public Service	\$ 489,915,862	\$ 540,732,429	10.37%
<b>Total</b>	<b>\$31,371,859,321</b>	<b>\$32,027,660,759</b>	<b>2.09%</b>

Growth in real property tax valuation increases due to new construction permits or construction permits that have finally reached 100% completion. Auto valuation increased for the third straight year, indicating the number of new cars being purchased is increasing, and the second year of a new state motor vehicle tax collection program is maximizing collection amounts. The County’s property tax collection rate stays at 99.30% in FY 2015-16, and continues to be an exceptionally high rate and a very strong performance indicator for the County’s Tax Administration department. One cent on the property tax rate will generate approximately \$3.180 million. This 2.09% growth in valuation represents a growth of over \$4.6 million in new revenue without having to raise the property tax rate.

For budgeting purposes, the County formed a workgroup consisting of the Tax Administrator, Deputy Tax Administrator, Deputy Assessor, Finance Director, and Budget Director. Shortly after January 1, when values for real and personal property have been updated in the County’s database, this workgroup convenes and discusses budget estimates for the upcoming fiscal year. The workgroup meets at least twice over the spring to finalize tax valuation estimates for use in the upcoming budget. Public service estimates are provided by the state and auto values are reviewed and projected using trend analysis.

## Sales Tax

Sales taxes represent the second-largest revenue source for Durham County outside of property taxes and are collected by the state and distributed back to the County on a monthly basis. Out of a total of 7.5% charged on most retail items in Durham County, 2.25% is allocated to county and municipal governments. This 2.25 cents for every retail dollar is broken up into four distinct sales tax entities, usually described by the state statute article number that made it law.

Article 39 sales tax is a one cent tax on every retail dollar and is collected based on where the retail item is actually received ("point of delivery"). An example is when an individual purchases a shirt at a local mall. This shirt may cost \$50, creating a collection of Article 39 sales tax of \$0.50 which will go to the county and/or municipality where the mall is located as long as the individual leaves with the merchandise. If the individual were to send the item to another county for delivery, then the tax could be reflected in that county's collections. This particular sales tax is Durham County's single largest sales tax and generally reflects the broadest retail sales trends within the County.

Article 40 sales tax is a half cent tax on every retail dollar, but differs from the Article 39 sales tax in that it is collected based on statewide retail sales and then distributed to counties and municipalities based on the percentage of the state population residing within the county and/or municipality. This tax reflects the broadest retail trends across the whole state and is less affected by retail sales growth in any one particular local government jurisdiction. This tax has stipulations attached to it by the state legislature directing that 30% of the Article 40 tax be allocated for school capital needs. Durham County allots the full amount of revenue collected from this sales tax to the support of capital projects, of which public school projects make up the largest amount.

Article 42 sales tax is a half cent tax on every retail dollar, and was similarly collected like the Article 40 sales tax, but because of state Medicaid Swap legislation, it is now collected like the Article 39 sales tax. This tax still has stipulations attached to it by the state legislature directing that 60% of the Article 42 tax be allocated for school capital needs. Durham County allots the full amount of revenue collected from this sales tax to the support of capital projects, of which public school projects make up the largest amount.

Due to state Medicaid Swap legislation Durham County no longer collects any Article 44 sales tax.

Article 46 sales tax is a quarter cent tax on every retail dollar and is collected based on where the retail item is actually received ("point of delivery"), similar to Article 39 sales tax. This sales tax, unlike any of the others, had to be approved by Durham County voters, and was in 2011. It also will not be split with the City of Durham or any other municipality in Durham County; the entire amount collected goes to Durham County. The Board of County Commissioners passed a resolution soon after approval of the sales tax committing 67.12% of the proceeds from Article 46 to Durham Public Schools, 8.97% to Durham Technical Community College for scholarships, 2.17% to pre-kindergarten programs, and 21.74% to support Durham Public Schools capital project debt service. The tax was applied to purchases made in Durham County starting April 1, 2012. FY 2015-16 is the third full year this tax has been collected.

Estimating sales tax revenue collection as part of a budget process is highly dependent on historical trending of sales tax growth and variability, as well as assessing the economic outlook of the state and the county and/or municipality. At the time estimates for an upcoming fiscal year are being made, there are approximately 18 months before those estimates will become actual dollars. The Budget and Management Services Department has generally used conservative growth estimates and will continue with that methodology for FY 2015-16. Conservative in this sense means future year growth. Total growth from one year to the next includes growth actually experienced in one year (FY 2014-15) and estimated growth for the upcoming fiscal year (FY 2015-16).

The County is estimating a significant increase in total sales tax collection for the upcoming year based on current year collections, which are up (17%) in the current year. The increase in current year collections (FY 2014-15) is largely due to increased economic activity within Durham County and across the state, as all articles of sales tax are up compared to FY 2014-15 budget estimates.

Reimbursements, which affect Durham County more than any other county in the state, are sales taxes given back to nonprofits in Durham County, by the state, that made purchases within the County. This reimbursement amount, which had been decreasing over the past several years, thereby helping to drive increases in sales tax collection for the County, is now starting to increase as economic activity increases (nonprofits purchase more goods). These reimbursements to nonprofits will cut slightly into future sales tax growth, but that is to be expected.

Budget staff believe Article 46 collections will behave similarly to Articles 39 and 42 in FY 2015-16, although nonprofit reimbursements may be more volatile for this particular sales tax and we have estimated the collection amount accordingly. Growth of 3% for all sales taxes is estimated for FY 2015-16 from the FY 2014-15 end-of-year estimate. Economic activity is picking up across the County (increased nonprofit reimbursements are one indication), but that increase may be limited by continued inflationary increases in non-sales tax related items such as food and gas. The FY 2015-16 budget growth budget to budget is an increase of 15.09%. However, it should be noted that this estimates one quarter of the year that has yet to have sales tax collections. Those unknown months (the summer months) are generally the largest collection months of the year, and therefore any future estimate assuming amounts for these months must be somewhat conservative in relation to their proportion of the total sales tax collected.

Durham County has estimated an overall 15.09% increase in all local sales taxes for FY 2015-16. Sales Tax 15-16 Budget vs. 14-15 Budget

## Intergovernmental Revenues

The vast majority of the budgeted intergovernmental revenues in Durham County are received by the human services agencies, Public Health and the Department of Social Services. The Durham Center, Durham County's mental health agency, began operating as a managed care organization under the name Alliance Behavioral Healthcare LME/MCO beginning July 1, 2012. The intergovernmental revenues historically received by the Durham Center will be received directly by the MCO and not Durham County.

Public Health has a total budget of \$22,134,504, of which \$16,126,821 is County dollars and \$6,007,683 is received from other sources. Of the \$6,007,683 in revenues from other sources, 93.5% comes from intergovernmental sources, mostly the state and federal governments, and currently is budgeted at \$5,615,234 for FY2015-16. The funds support departmental administrative and operational costs; health education; nutrition programs; dental services; lead poisoning prevention; public health emergency preparedness; refugee health; STD clinic services; immunizations; tuberculosis and other communicable disease control; family planning and maternal healthcare;

breast and cervical cancer screenings; HIV education, counseling, and testing; child healthcare; and public school nurses.

The Department of Social Services has a total budget of \$58,528,170, of which \$15,516,482 is County dollars and \$43,011,688 is received from other sources. Of the \$43,011,688 in revenues from other sources, 99% comes from intergovernmental sources, mostly the state and federal governments, and currently is budgeted at \$42,616,089 for FY2015-16. The funds support programs that provide protection of abused and neglected children and adults; the provision of services to prevent unnecessary institutionalization of disabled and elderly residents; Work First support services; school and community social work services; child day care subsidy services; and nutrition assistance and health insurance to eligible families.

## Other Key Revenues

There are many revenue sources the County collects; however, a few are of special interest because of their high correlation to overall County economic activity and key county services. Below are a few of those key revenues that the County takes note of every year when developing its annual budget.

Other Key Revenues	2014 Actual Revenues	2015 Original Budget	2015 12 Month Estimate	2016 Department Requested	2016 Commissioner Approved
ABC Profit Distribution	\$1,500,000	\$1,500,000	\$1,500,000	\$1,500,000	\$1,700,000
Register of Deed Fee	\$2,146,408	\$2,550,000	\$1,669,524	\$2,000,000	\$1,750,000
Investment Income	\$133,785	\$130,000	\$152,672	\$140,000	\$140,000
EMS Patient Income	\$5,775,768	\$7,020,900	\$7,020,900	\$8,074,035	\$8,074,035
Solid Waste Management Fee	\$1,732,735	\$1,945,957	\$1,896,294	\$1,896,294	\$1,896,294

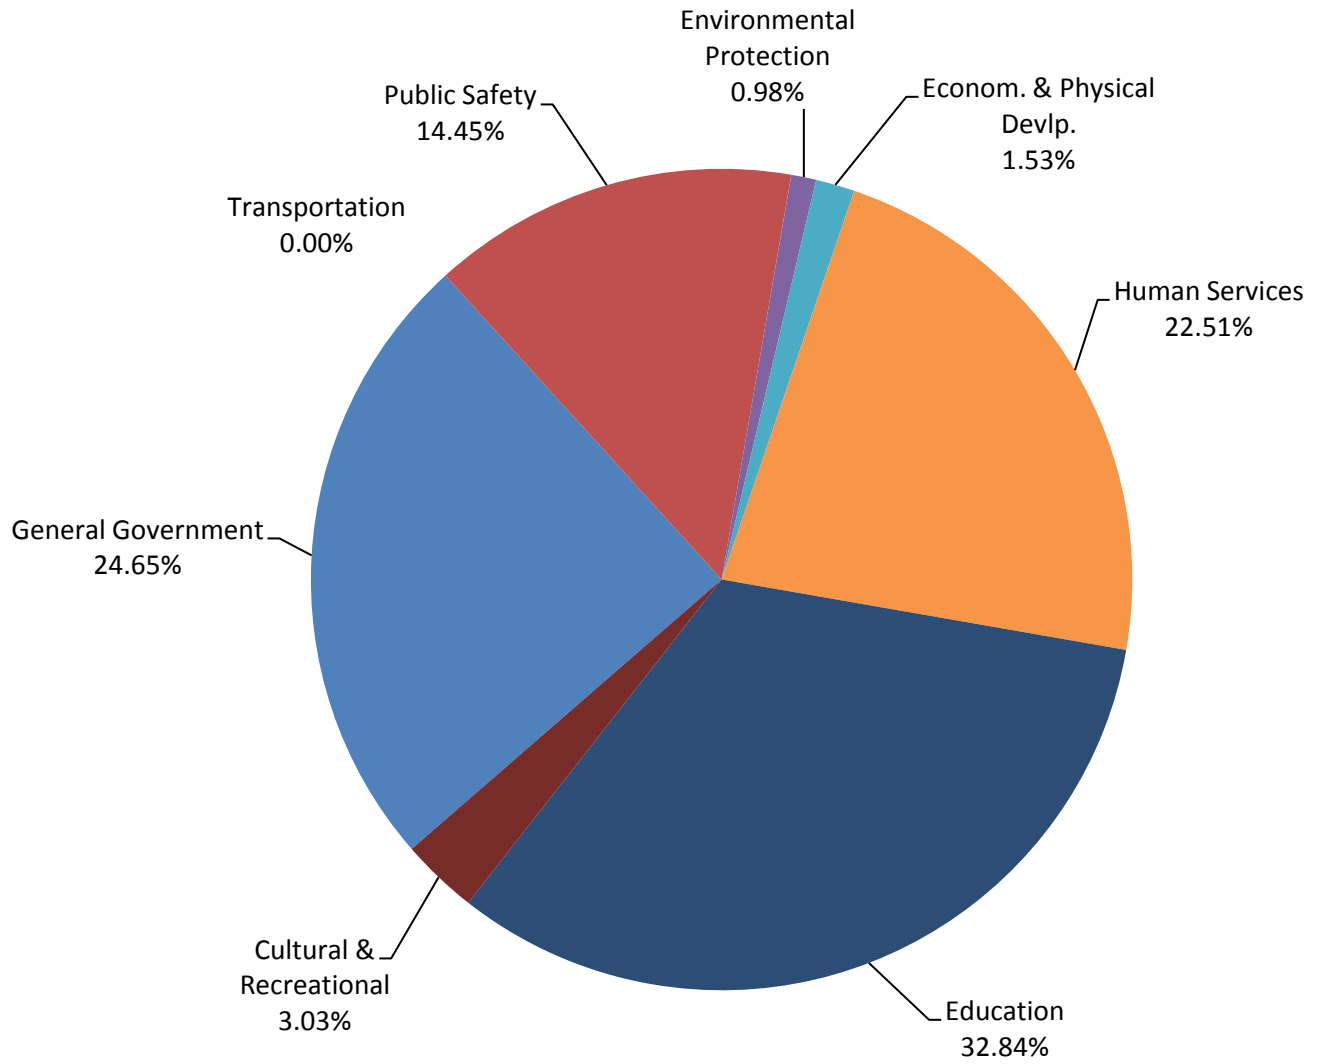

- ABC profit distributions are received quarterly from state-collected taxes on alcohol sold in the County and throughout the state.
- Register of Deeds fees are charges made for new deeds of trust, changing of deeds of trust, marriage certificates, etc. State changes to these fees may affect the collection amount. A significant drop in the amount collected for FY 2014-15 is due to higher interest rates and increased scrutiny of banks offering home loans, limiting the number of new deeds being issued from housing sales, and is therefore decreasing the FY 2015-16 budgeted amount.
- Investment income is interest earned on County cash deposited in banks.
- EMS patient income is derived from billing EMS responses to patient calls. The County strives to gather as much income as possible from patient insurance and or the patient themselves to ensure that those who use EMS support its operations. A large part of the increase in EMS patient income for FY 2015-16 is related to the outsourcing of the EMS billing process which is expected to bring in an additional \$1 million in revenue.
- The solid waste management fee is a yearly fee for any citizen who chooses to use the service for the drop off of waste or recyclables at any County container site.
