2019 Durham County Resident Survey Executive Summary

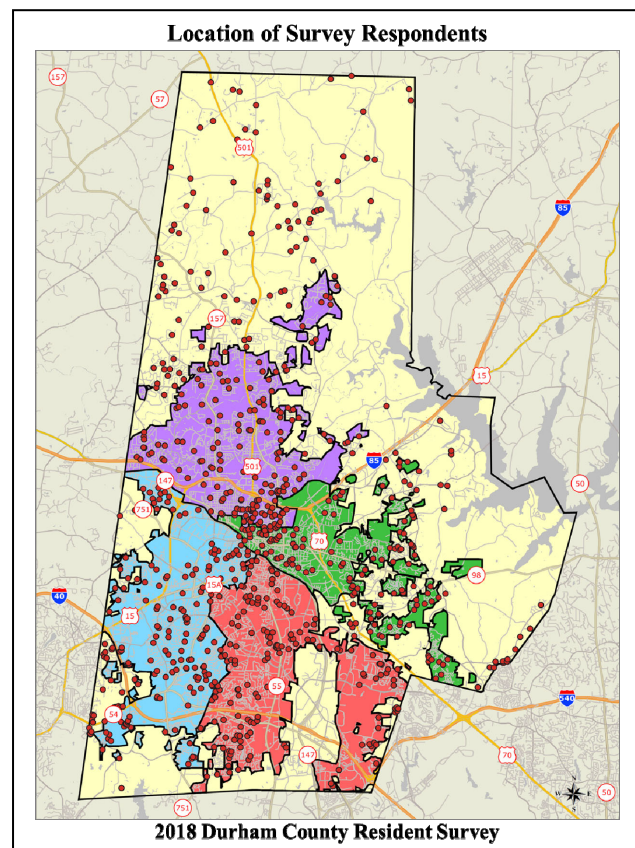

Purpose and Methodology

ETC Institute administered a survey to residents of Durham County during the winter of 2018 and 2019. The purpose of the survey was to help Durham County strategically plan for the future as they continue to grow and meet new challenges. The City and County are jointly overseeing the survey so that more Durham residents have an opportunity to be heard. The survey will assist elected officials, as well as the City and County administrators, in making critical decisions about prioritizing resources and helping set the direction for the future of the community. Previous resident surveys were conducted in 2015, 2016, and 2017.

The seven-page survey, cover letter and postage paid return envelope were mailed to a random sample of households in Durham County. The cover letter explained the purpose of the survey and encouraged residents to either return their survey by mail or complete the survey online. At the end of the online survey, residents were asked to enter their home address, this was done to ensure that only responses from residents who were part of the random sample were included in the final survey database.

Ten days after the surveys were mailed, ETC Institute sent emails and placed phone calls to the households that received the survey to encourage participation. The emails contained a link to the on-line version of the survey to make it easy for residents to complete the survey. To prevent people who were not residents of Durham City or County from participating, everyone who completed the survey on-line was required to enter their home address prior to submitting the survey. ETC Institute then matched the addresses that were entered on-line with the addresses that were originally selected for the random sample. If the address from a survey completed on-line did not match one of the addresses selected for the sample, the on-line survey was not counted. The map to the right shows the distribution of respondents based on their home address.

The goal was to complete a total of 800 survey, 600 with residents of the city of Durham and 200 with residents of Durham County who do not live in the City. A total of 816 residents completed the survey, 608 residents of the City of Durham completed the survey, and 208 residents of Durham County completed the

survey. The overall results for the sample of 816 households have a precision of at least +/-3.43% at the 95% level of confidence.

The percentage of “don’t know” responses has been excluded from many of the graphs shown in this report to facilitate valid comparisons of the results from Durham with the results from other communities in ETC Institute’s *DirectionFinder*® database. Since the number of “don’t know” responses often reflects the utilization and awareness of County services, the percentage of “don’t know” responses have been provided in the tabular data section of this report. When the “don’t know” responses have been excluded, the text of this report will indicate that the responses have been excluded with the phrase “*who had an opinion.*”

This report contains:

- An executive summary of the methodology for administering the survey and major findings,
- charts showing the overall results for most questions on the survey and trend data from previous surveys,
- importance-satisfaction analysis; this analysis was done to determine priority actions for the County to address based upon the survey results,
- benchmarking data that shows how the results for Durham County compare to other communities,
- tables that show the results of the random sample for each question on the survey,
- a copy of the survey instrument.
- a separate appendix was created with GIS maps showing how respondents answered specific questions geographically. These maps were created using the five PAC District boundaries. To ensure a valid comparison could be made between districts, District 1 and 5 were combined.

Overall Perceptions of the County

Fifty-nine percent (59%) of the residents surveyed, *who had an opinion*, indicated they were “very satisfied” or “satisfied” with the overall quality of services provided by the County, 61% of residents surveyed, *who had an opinion*, indicated they were “very satisfied” or “satisfied” with the overall quality of services provided by the City. Seventy-six percent (76%) of those surveyed, *who had an opinion*, indicated they were “very satisfied” or “satisfied” with the overall quality of life in their neighborhood.

Overall Satisfaction with City and County Services

The major categories of services that had the highest levels of satisfaction, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: the overall quality of fire and life safety programming (77%), the overall quality of library services and programs (77%), the overall quality of EMS services (76%), and the response time for fire services (73%). For 13 of the 24 major categories of City and County services that were rated, 50% or more of residents *who had an opinion* were either “very satisfied” or “satisfied”. Respondents, *who had an opinion*, were least satisfied with the quality of public schools (29%), the maintenance of City streets (29%), and the quality of the public transit system (31%). Based on the sum of respondents’ top three choices the overall quality of public schools (44%), the overall maintenance of City streets (38%), and the quality police protection (32%) should receive the most emphasis from City and County leaders over the next two years.

Feelings of Safety

Eighty-three percent (83%) of respondents, *who had an opinion*, indicated they feel either “very safe” or “safe” while walking alone in their neighborhood during the day. Fifty-six percent (56%) of residents, *who had an opinion*, indicated they feel either “very safe” or “safe” while walking alone in their neighborhood at night.

Durham Public Schools

Forty-seven percent (47%) of respondents indicated their children went to or graduated from Durham Public schools and 27% indicated they are currently enrolled in Durham Public Schools when asked to indicate the education status of children in their household.

The statements regarding Durham Public Schools that had the highest levels of agreement, based upon the combined percentage of “strongly agree” and “agree” responses among residents *who had an opinion*, were: encourages community involvement in education-related decision making (27%) and ensures quality education for students (21%). The statement that had the lowest levels of agreement based upon the combined percentage of “strongly agree” and “agree” responses among residents *who had an opinion*, was: Durham Public Schools is transparent about education-related decision making (18%).

Satisfaction with Specific Services

- **Law Enforcement and Criminal Justice.** The highest levels of satisfaction with law enforcement and criminal justice services, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: overall police relationship with your community (57%), overall Sheriff’s Office relationship with your community (51%), animal control services (47%), and the enforcement of traffic safety laws (43%). Respondents were least satisfied with the local court system (41%).
- **Parks, Recreation, and Open Space.** The highest levels of satisfaction with parks, recreation, and open space based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: cultural programming (62%), greenways and trails (59%), the length of your commute to your desired recreation amenities (57%), and the customer service provide by the City’s Parks and Recreation staff (50%). Based upon the sum of respondents’ top two choices, the two parks and recreation services respondents indicated should receive the most emphasis over the next two years were greenways and trails (33%), the variety of City recreation opportunities (21%), cultural programming (20%), and outdoor athletic fields and courts (20%).
- **Maintenance.** The highest levels of satisfaction with maintenance, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: the condition of trails and greenways (52%), condition of streets in neighborhoods (51%), and the condition of public art (50%). Based on the sum of respondents’ top two choices, the two maintenance services respondents indicated they would be most willing to pay higher taxes to support enhancements for were: the condition of streets neighborhoods (32%), the condition of public school facilities (27%), and the condition of sidewalks in neighborhoods (26%).

- **Multi-Modal Transportation.** The highest levels of satisfaction with multi-modal transportation in Durham, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: ease of travel by driving (62%), the ability to run, walk, bike, and exercise outdoors in neighborhoods (60%), and safety when driving around Durham (53%).
 - Most respondents (61%) indicated they do not use GoDurham/Bull City Connector more is that they do not need the service or they prefer to drive, 24% indicated that it does not serve the areas they live or need to go.
- **Solid Waste and Utility Service.** The highest levels of satisfaction with solid waste and utility services, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: solid waste collection services (78%), curbside recycling services (78%), and sewer services (68%).
- **County Communication.** The highest levels of satisfaction with County communication, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: the ability to get timely emergency/disaster information 24 hours a day (58%), the ease of locating information on County website (43%), and the availability of information about County programs and services (43%). Respondents were least satisfied with the level of public involvement in local decision making (29%).

Additional Findings

- Twenty-one percent (21%) of respondents indicated they were either “very satisfied” (6%) or “satisfied” (15%) with the availability of affordable housing in Durham. Nineteen percent (19%) of respondents were “neutral,” 22% were “dissatisfied,” 16% were “very dissatisfied,” and 23% did not provide a response. Seventy-seven percent (77%) of respondents indicated they are able to find housing they can afford in Durham. Twenty-nine percent (33%) of respondents indicated their monthly housing costs exceed 30% of their monthly income, and 32% of respondents indicated they have major home repairs that impact their quality of life or they have put off because of lack of resources.
- Fifty-nine percent (59%) of respondents indicated that keeping congestion and traffic to a minimum should be one of the most important planning goals for the City and County.
- Seventy percent (70%) of respondents indicated that training and skill development should be one of the most important items for Economic and Workforce Development to focus on, 65% indicated small business development is the most important area of focus.
- Thirty-four (34%) of respondents indicated they or members of their household contacted employees of Durham County or visited the website to seek services, ask a question, or file a complaint.
 - Of those who have contacted the County the highest levels of satisfaction with their experience, based upon the combined percentage of “very satisfied” and “satisfied”

responses among residents were: the courtesy of County Government (63%), the accuracy of the information and assistance given (61%), the appropriateness of the County employees' response (60%), how easy the County Government was to contact (60%), and the timeliness of County employees' response (60%). Overall, a majority of respondents were satisfied with all six aspects that were rated.

- Twenty-five percent (25%) of respondents indicated they use traditional media (TV, newspapers, or their social media) to get important Durham County Government-related information daily, 21% get information from friends/colleagues/word of mouth daily.
- Ninety-one percent (91%) of respondents indicate they “almost never” or “never” use the Durham County Twitter feed to get important Durham County Government-related information, 88% “almost never” or “never” use the Durham County Facebook page, and 85% “almost never” or “never” use the Durham County TV show for information.
- Respondents were asked to indicate, from a list of government services, which ones they would be willing to pay higher taxes to support enhancements for. Respondents were allowed to select multiple choices. The top three services respondents are willing to pay higher taxes to support are below.
 - Public school operations (teachers, salaries) (57%)
 - Affordable housing (35%)
 - Job creation and training (32%)
 - *Twenty-six percent (22%) of respondents would not pay higher taxes for any of the 10 items listed.*
- Respondents were then asked to indicate how willing they would be to pay fees instead of taxes to pay for improvements to services that they use or benefit from. Forty-six percent (46%) of respondents indicated they would be “very willing” (15%) or “willing” (31%) to pay fees instead of taxes. Thirty-eight percent (35%) of respondents were “not sure,” and 19% were “not willing.”
- Sixteen percent (16%) of respondents indicated they have heard about the City of Durham's Participatory Budgeting Process.
- Fifteen percent (15%) of respondents indicated that someone in their household has had trouble accessing the healthcare they need in the past year.

How Durham County Compares to Similarly Sized Communities

Satisfaction ratings for Durham County rated the same as or above the average for communities with 250,000 or more residents in 29 of the 56 areas that were assessed. Durham County rated significantly higher than the average for communities with 250,000 or more residents (difference of 5% or more) in 22 of these areas. Listed below are the comparisons between Durham County and the average for communities with 250,000 or more residents:

Service	Durham County	Communities with 250k+ Residents	Difference	Category
As a place to work	81%	45%	36%	Overall Ratings

Investment Priorities

Recommended Priorities for the Next Two Years. In order to help the County identify investment priorities for the next two years, ETC Institute conducted an Importance-Satisfaction (I-S) analysis. This analysis examined the importance residents placed on each service and the level of satisfaction with each service. By identifying services of high importance and low satisfaction, the analysis identified which services will have the most impact on overall satisfaction with services over the next two years. If the County wants to improve its overall satisfaction rating, the County should prioritize investments in services with the highest Importance Satisfaction (I-S) ratings. Details regarding the methodology for the analysis are provided in Section 2 of this report.

Overall Priorities for the County by Major Category. This analysis reviewed the importance of and satisfaction with major categories of County services. This analysis was conducted to help set the overall priorities for the County. Based on the results of this analysis, the major services that are recommended as the top priorities for investment over the next two years in order to raise the County's overall satisfaction rating are listed below:

- **Overall quality of public schools** (IS Rating=0.3147)
- **Overall maintenance of City streets** (IS Rating=0.2683)
- **Overall ease of travel within Durham** (IS Rating=0.1319)
- **Overall quality of police protection** (IS Rating=0.1221)
- **Overall quality of public transit system (GoDurham)** (IS Rating=0.1084)

The table below shows the importance-satisfaction rating for 12 of the 24 major categories of County services that were rated.

2018 Importance-Satisfaction Rating Durham County, North Carolina Major Categories of City and County Services						
Category of Service	Most Important %	Most Important Rank	Satisfaction %	Satisfaction Rank	Importance-Satisfaction Rating	I-S Rating Rank
Very High Priority (IS >.20)

Section 2

Importance-Satisfaction Analysis

Importance-Satisfaction Analysis

Durham County, North Carolina

Overview

Today, County officials have limited resources which need to be targeted to activities that are of the most benefit to their citizens. Two of the most important criteria for decision making are (1) to target resources toward services of the highest importance to citizens; and (2) to target resources toward those services where citizens are the least satisfied.

The Importance-Satisfaction (IS) rating is a unique tool that allows public officials to better understand both of these highly important decision making criteria for each of the services they are providing. The Importance-Satisfaction rating is based on the concept that public agencies will maximize overall customer satisfaction by emphasizing improvements in those areas where the level of satisfaction is relatively low and the perceived importance of the service is relatively high.

The rating is calculated by summing the percentage of responses for items selected as the first, second, and third most important services for the County to provide. The sum is then multiplied by 1 minus the percentage of respondents who indicated they were positively satisfied with the County's performance in the related area (the sum of the ratings of 4 and 5 on a 5-point scale excluding "Don't Know" responses). "Don't Know" responses are excluded from the calculation to ensure the satisfaction ratings among service categories are comparable. [IS=Importance x (1-Satisfaction)].

Example of the Calculation: Respondents were asked to identify the major categories of county and city services they thought should receive the most emphasis over the next two years. Forty-four percent (44%) of respondents selected *public schools* as one of the most important services for the county to provide.

With regard to satisfaction, 29% of respondents surveyed rated the County's overall performance regarding *public schools* as a "4" or "5" on a 5-point scale (where "5" means "Very Satisfied") excluding "Don't Know" responses. The I-S rating for *public schools* was calculated by multiplying the sum of the most important percentages by 1 minus the sum of the satisfaction percentages. In this example 44% was multiplied by 71% (1-0.29). This calculation yielded an I-S rating of 0.3147 which ranked first out of 24 major service categories.

The maximum rating is 1.00 and would be achieved when 100% of the respondents select an item as one of their top three choices to emphasize over the next two years and 0% indicate they are positively satisfied with the delivery of the service.

The lowest rating is 0.00 and could be achieved under either of the following two situations:

- If 100% of the respondents were positively satisfied with the delivery of the service
- If none (0%) of the respondents selected the service as one for the three most important areas for the County to emphasize over the next two years.

Interpreting the Ratings

Ratings that are greater than or equal to 0.20 identify areas that should receive significantly more emphasis over the next two years. Ratings from 0.10 to 0.20 identify service areas that should receive increased emphasis. Ratings less than 0.10 should continue to receive the current level of emphasis.

- *Definitely Increase Emphasis* ($IS \geq 0.20$)
- *Increase Current Emphasis* ($0.10 \leq IS < 0.20$)
- *Maintain Current Emphasis* ($IS < 0.10$)

The results for Durham County are provided on the following pages.

2018 Importance-Satisfaction Rating

Durham County, North Carolina

Major Categories of City and County Services

Category of Service	Most Important %	Most Important Rank	Satisfaction %	Satisfaction Rank	Importance-Satisfaction Rating	I-S Rating Rank

Benchmarking Analysis

Benchmarking Summary Report

Durham County, North Carolina

Overview

ETC Institute's *DirectionFinder*® program was originally developed in 1999 to help community leaders across the United States use statistically valid community survey data as a tool for making better decisions. Since November of 1999, the survey has been administered in more than 300 cities in 49 states. Most participating cities conduct the survey on an annual or biennial basis.

This report contains benchmarking data from two sources: (1) a national survey that was administered by ETC Institute to a random sample of residents across the United States living in cities with a population of more than 250,000 residents and (2) survey results from 26 large communities (population of more than 200,000 residents) where ETC Institute has administered the *DirectionFinder*® survey between January 2016 and December 2018. The results from individual communities were used as the basis for developing the range of performance. The communities included in the performance comparisons that are shown in this section are listed below:

- Arlington County, VA
- Austin, TX
- Cabarrus County, NC
- Dallas, TX
- Des Moines, IA
- Durham (City), NC
- Durham County, NC
- Fayetteville, NC
- Fort Lauderdale, FL
- Fort Worth, TX
- Henderson, NV
- Johnson County, KS
- Kansas City, MO
- Las Vegas, NV
- Mecklenburg County, NC
- Miami, FL
- Nashville, TN
- Oklahoma City, OK
- Plano, TX
- Raleigh, NC
- Reno, NV
- Richmond, VA
- San Antonio, TX
- San Diego, CA
- Tempe, AZ
- Vancouver, WA

Interpreting the Charts

The **first set** of charts show how the results for Durham County compare to the national average for large U.S. cities. The blue bar shows the results for Durham County. The green bar shows the results of a national survey that was administered by ETC Institute to a random sample of residents living in cities with a population of more than 250,000 residents.

The **second set** of charts show how the results for Durham County compare to the range of performance for other large U.S. communities where ETC Institute has administered a *DirectionFinder*[®] survey since 2016. A total of 26 large U.S. communities were included in this analysis (these communities are listed on the previous page). The Horizontal blue bar shows the range of performance for each of the areas that were surveyed. The percentage on the left shows the results for the worst performing community. The percentage on the right shows the results for the best performing community. The yellow dot shows the results for Durham County. The green vertical bar shows the average for the 26 large communities.

December 2018

Dear Durham Resident:

Thanks to you, Durham remains one of the most vibrant and progressive communities in the United States. As we continue to grow and meet new challenges, it is important that we also continue to strategically plan for our future.

An important part of this planning process involves gathering input from residents on a wide range of issues impacting our quality of life. We want you to be a part of this process by taking a few minutes to complete the enclosed *2018 Durham Resident Survey*.

For the fourth time, the City and County are jointly overseeing the survey so that more Durham residents have an opportunity to be heard. By completing and returning this survey, you will assist elected officials, as well as the City and County administrations, in making critical decisions about prioritizing resources and helping set the direction for the future of our community.

Please return your completed survey in the enclosed postage-paid envelope **within the next 10 days** to ETC Institute, 725 W. Frontier Circle, Olathe, KS 66061.

If you have any questions about this survey, please contact Durham One Call at (919) 560-1200.

Your feedback is very vital to us and we appreciate your help in making Durham an even better place to call home.

Sincerely,

Thomas J. Bonfield
 City Manager

Wendell M. Davis
 County Manager

2018 Durham City and County Resident Survey

Please take a few minutes to complete this survey. Your input is an important part of the City and County's on-going effort to identify and respond to resident concerns. If you have questions, please contact Durham One Call at (919) 560-1200 or the Durham County Tax Administration at (919) 560-0300. This survey is intended for Durham City and County residents only. If you would like to complete this survey online, please go to www.durhamresident.org.

1. **Major categories of services provided by the City and County are listed below. Please rate each item on a scale of 1 to 5, where 5 means "Very Satisfied" and 1 means "Very Dissatisfied."**
