- WHEREAS,** a stable and predictable source of funding for public art projects and a transparent system for administering a public art process in the selection of works can support the goal of increasing the quantity of diverse public art throughout the County; and

NOW, THEREFORE, BE IT RESOLVED that we, the Durham Board of County Commissioners do hereby resolve to establish a public art program to encourage and fund public art projects in Durham County.

Funding: Each fiscal year, the County Manager shall recommend a minimum of up to one percent of the proposed General Capital Improvement Project (CIP) budget, to be set aside in a Project Fund for Public Art, for the installation of public art at the sites of major capital projects included in the CIP, for projects in the priority areas for public art or for such other locations as the County Manager may determine.

Project Fund for Public Art: The Project Fund for Public Art shall be used to commission works of art for permanent installation at sites required by the Durham City and County Unified Development Ordinance (UDO), approved by the Durham Board of County Commissioners in the Durham County Public Art Program Work Plan, at other locations determined by the County Manager, to fund maintenance and repair of existing public art works, or to fund temporary installation of works of art. Funds may be used for direct costs and for the costs of administration of projects.

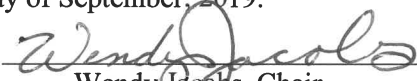

Priorities: For projects funded from the Project Fund for Public Art, priority shall be given to projects identified in the Durham County Public Art Program Work Plan. This priority does not preclude projects in other areas of the County.

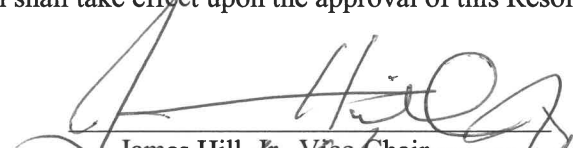

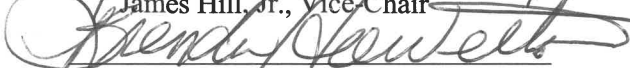

Administrative Structure: By this Resolution, County Commissioners delegate to the County Manager the administration of the Public Art Program and the authority to identify a Public Art Coordinator. The administration shall develop and maintain detailed procedures, informational material and application documents for the administration of the public art process, to be known as the Durham County Public Art Program.

Project Administration: The County Commissioners shall appoint two of the fifteen Durham Cultural Advisory Board (CAB) members, as defined in the City of Durham's Public Art Policy Resolution. The CAB advises the City and County on matters pertaining to Public Art, advocates for public art and culture in Durham, and appoints members of the Durham Public Art Committee to serve as art advisors. The designated Durham County Public Art Coordinator, in concert with the Durham Cultural Advisory Board and Durham Public Art Committee, shall execute the requirements of the approved Durham County Resolution Establishing a Public Art Program and Public Art Program Manual.

Effective Date: The Public Art Program in this Resolution shall take effect upon the approval of this Resolution.

This the 9th day of September, 2019.
