

**THIRD AMENDMENT TO THE DECLARATION OF A
STATE OF EMERGENCY IN DURHAM COUNTY, NC
TO COORDINATE PROTECTIVE ACTIONS
TO PREVENT THE SPREAD OF COVID-19
(STAY AT HOME ORDER)**

WHEREAS, the novel coronavirus disease-2019 (COVID-19) is a disease spreading across the globe causing flu-like symptoms, but with a significantly higher rate of death, particularly among those who are elderly or medically vulnerable; and

WHEREAS, On 30 January 2020, the World Health Organization (WHO) determined the outbreak constitutes a Public Health Emergency of International Concern (PHEIC); and

WHEREAS, on January 31, 2020, Health and Human Services Secretary, Alex M. Azar, II, declared COVID-19 to be a public health emergency in the United States; and

WHEREAS, on March 10, 2020, in order to address and mitigate the threat of COVID-19 to vulnerable populations and to slow the spread of COVID-19 in North Carolina, Governor Roy Cooper declared a state of emergency in North Carolina; and

WHEREAS, on March 13, 2020, President Trump declared the COVID-19 pandemic to be a national emergency; and

WHEREAS, on March 14, 2020, in order to address and mitigate the threat of COVID-19 to vulnerable populations and to slow the spread of COVID-19 in North Carolina, Governor Roy Cooper issued Executive Order 117, among the measures he directed were limiting mass gatherings to no more than 100 persons, temporarily closing public schools, and urging compliance with CDC recommendations on social distancing; and

WHEREAS, from March 17-April 9, 2020, in order to address and mitigate the threat of COVID-19 to vulnerable populations and to slow the spread of COVID-19 in North Carolina, Governor Roy Cooper issued Executive Orders 118-131, imposing additional restrictions on commerce, mass gatherings, restricting the operations of long-term care facilities, and also making recommendations for the use of personal protective equipment by the general population; and

WHEREAS, in response to the COVID-19 pandemic, the undersigned issued a Declaration of State of Emergency in Durham County ("Declaration") on March 14, 2020, making recommendations as to conduct designed to protect the public health; and

WHEREAS, in response to the COVID-19 pandemic, the undersigned subsequently issued an Amendment to that Declaration, a Stay at Home Order, on March 28, 2020, imposing additional restrictions beyond those imposed by the Governor in a further effort to slow the spread of the COVID-19 virus, which was extended into the City limits of Durham; and

WHEREAS on April 3, 2020, due to additional cases of Covid-19 being reported, the undersigned issued a Second Amendment to that Declaration imposing additional restrictions on commerce and personal activities in a further effort to slow the spread of the COVID-19 virus which was extended into the City limits of Durham; and

WHEREAS, since execution of the Second Amendment to the Declaration, additional residents of Durham County have been tested for the COVID-19 virus, with 393 cases as of today's date; and

WHEREAS, neither the restrictions imposed by the Declaration and its Amendments, nor increasing recommended and mandatory restrictions imposed by the Governor and the President of the United States, have slowed the growth in the incidence of COVID-19 within Durham County, adjacent cities and counties, or in the State of North Carolina; and

WHEREAS, in areas battling COVID-19, there is a severe shortage of medical supplies for health care workers and basic equipment to help the public avoid transmitting the disease; and

WHEREAS, the undersigned has conferred with Durham County's Public Health Director and operators of Duke Health, a major health care provider within Durham County, and confirmed that there is still a critical need to slow the spread of COVID-19 within Durham in order to preserve precious supplies to treat those with COVID-19 and other serious illnesses and injuries; and

WHEREAS, many individuals who contract the virus display no symptoms or have mild symptoms which means they may not be aware they carry the virus. People without symptoms can transmit the disease and because evidence shows the disease is easily spread, mass gatherings can result in further transmissions of the virus; and

WHEREAS, it is essential to slow viral transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed; and

WHEREAS, the undersigned has determined that the additional restrictions and prohibitions identified below are necessary to slow the rate of the spread of COVID-19, and preserve the health and lives of our residents, and are the least restrictive based upon the current evidence; and

WHEREAS, on April 3, 2020, the Center for Disease Control issued a recommendation supporting the use of cloth face coverings in public settings, especially where social distancing measures are difficult to maintain, such as retail establishments; and

WHEREAS, subsequent to issuance of the Second Amendment to the Declaration, the organizers of the Farmers' Markets came together and worked with County staff to adopt operating procedures which have been reviewed and found to meet the requirements of Section 2.D, the Social Distancing and Sanitation Requirements, to include the newly implemented requirement for face coverings.
